## Facilitator Profile

### Yianni Tsattalios

I started with the Western Sydney Wanderers Sport & Business Program in 2022 having previously taught at the SEDA College Wanderers Program. The Wanderers are basically in my blood now! My favourite player is Jarrod Caluccio.

The thing that attracted me to this role was the opportunity to work with a group of students and have the ability to directly impact on their development and growth not only as students, but as people. By teaching sports and business concepts, strategies, and practical skills, you can empower students to pursue their interests and succeed in these domains.

The best part of this role is the focus on mentorship and guidance. I enjoy working with students and helping them in their personal and professional growth, helping them navigate the challenges and opportunities within the wider sporting industry.

The highlight of the program has been seeing the ownership and passion of the students when working closely with the Wanderers across different areas of the organisation. Whether it be coaching, event planning and management or in their placements, it is always great to see the manner in which they undertake all projects and the subsequent learnings from those experiences.

I hope we see you in the program next year benefitting from your own learning experiences!
