Staff Profile

Liam Thompson

I am extremely passionate about connecting learning to sport and building students' networks through real-life learning.

I enjoy being able to build strong and respectful relationships with students that allows you to have an everlasting impact on their journey. Being able to link a love of sport with their education is rewarding. Having shared interests makes it an extremely enjoyable environment to work in.

Projects are always a highlight of the program. I always enjoy running activations, particularly when it's with kids who don't get those experiences on a regular basis. Putting smiles on their faces is something that stays with you.

Outside of the program, I always enjoy being in and around the ocean whenever I get the opportunity. I enjoy and have tried most sports. I even managed to juggle knives once in a Year 7 circus performance!
