The staff member must also withdraw themselves immediately from the situation giving rise to the conflict, pending advice from the manager to whom the disclosure was made.

10. Reviews

Applicants may seek a review of an Admission decision by the National Manager – Student Lifecycle. Refer to the Admission Procedure.

11. Readmission

Students of SEDA whose enrolment lapses may reapply for admission to their course and will be subject to the same requirements as all other applicants at the time of applying.

Applicants who fail to accept their offer by enrolling by the relevant enrolment deadline may reapply for admission to the course and will be subject to the same requirements as all other applicants at the time of applying.

12. Eligibility Criteria

To support a successful study experience, applicants are required to meet the following entry requirements for differing Australian Qualifications Framework level qualifications:

The applicant must:

- Meet any mandatory requirements described in the relevant Training Package; AND
- Provide a copy of a Senior Secondary Certificate of Education (i.e., Year 12 qualification)

Document Name:	Admission Policy		
Document Owner:	National Manager Student Lifecycle	<i>Document control management – Uncontrolled when printed</i>	<i>Page 4 of 8</i>

OR

- Provide a copy of a higher education qualification with successful completion of at least 1 year (fulltime equivalent)

OR

- Provide a copy of successful completion of a Certificate IV level Vocational Education and Training (VET) qualification

OR

- Demonstrate the appropriate Digital Literacy required for their enrolled course of study.

For further information regarding the ACSF levels or Digital Literacy please refer to the **Language, Literacy, Numeracy and Digital Skills (LLND) Policy**.

13. Other Eligibility requirements

In addition to meeting the requirements above, applicants are required to meet the following entry requirements:

1. All applicants **MUST** supply SEDA with a Unique Student Identifier (USI) if enrolment is accepted. As a student about to commence nationally recognised training (Vocational Education and Training – VET) in Australia **you will be required to obtain a Unique Student Identifier (USI)**.

Your USI links to an online account which contains all records of training and results that you will have completed from 1 January 2015 onwards. Your results will be available and accessible via your USI account. When applying for a job or enrolling in further study, you may need to provide your training records and results.

As a Registered Training Organisation (RTO), SEDA cannot issue any formal documentation such as your Testamur once you have completed your award, or a Statement of Attainment (SoA) throughout your study, until you have provided us with a USI.

This means that you will not be able to receive any formal documentation to confirm your study if you do not have a USI. Details on how to obtain a USI if you do not have one will be provided on enrolment. There are some exceptions to USI requirement, please refer to **Unique Student Identifier Policy**

2. All applicants must meet digital literacy standards as determined by SEDA and have unrestricted access to the internet and a personal email account and laptop.

3. Applicants aged under 18 years at the time of application must turn 18 in their first enrolled term of study or within 3 months of acceptance into the course.
4. Prospective students under the age of 18 must have their enrolment paperwork witnessed by a parent or guardian.
5. Have completed First Aid Training (**HLTAID011 Provide First Aid**) under a fee for service arrangement. Fees may vary depending on the external provider and are in addition to the total program cost.

Submission of the First Aid qualification is due by the end of Week 4, Block 1 (Census date).

6. Working with Children (WWC) is required as there will likely be instances requiring students to interact with children such as coaching clinics from commencement of course. As such, a successful Working with Children Check (WWC) or its equivalent is a condition of enrolment for these courses and must be submitted to SEDA and maintained for the period of a student's enrolment with SEDA (each State / Territory differs slightly in its legislative requirements PRIOR to course commencement).

To allow appropriate time for processing (up to 6 weeks), students should submit their application for a WWC Check immediately on notification of enrolment at SEDA being successful. In some instances, WWC Checks may take longer to receive than the timeframes stated above. In these instances, students will be required to provide evidence that their WWC Check application has been submitted well in advance of the due date, and they will not be permitted to undertake the relevant clinics if required for their coursework.

Students who are not able to produce or maintain a successful WWC Check will not be able to complete any qualification at SEDA that has a practicum component requiring them to be able to interact with children. In these instances, the student is unable to meet the requirements for course completion and SEDA will immediately cancel their enrolment in the course. The provisions of the ***Withdrawal and Deferral Policy*** will apply.

7. If applicants are entering SEDA with a previous related qualification or related experience, the Enrolment team will provide them with information on the Educational Pathways process. It is the responsibility of the student admitted applying for credit through the Educational Pathways process, as outlined in the ***Skills and Learning Recognition Policy***.

14. SEDA Offerings

1. SEDA reserves the right to impose intake quotas on any course or area of study. SEDA reserves the right to cancel an intake into a course if insufficient students are admitted, and / or to offer alternate delivery locations. Refer to the ***Course and Area of Study Viability Policy***.
